

Email from Caroline Steer to Fr David

On behalf of the families that I work alongside, I would like to say a big thank you for all the time, effort and generosity given to help the families known to FSW locally feel that they are supported.

I have received many cards and messages from families thanking us for the hampers, toys, gifts for adults and gift cards for teenagers.

We were able to host seventeen families for a short individual celebration at the Bentswood Hub, with refreshments and crafts and presents for the children to open.

Between us we provided 36 families with a Christmas Hamper and most of those families were given a bag of toys for parents to wrap for the children with many also being provided with gifts for adults for the children to wrap for their parents.

Thanks to the generosity of a local farmer, we also provided thirteen families with a lovely fresh turkey.

Life can be difficult for anyone at the moment but it was heart-warming to see how local churches and individuals worked together to support families currently going through stressful or sad times.

With all best wishes for a happy and safe 2021.

Many thanks to all,

Caroline
